Q) Install a Software silently

Ans:

```
C:\Users\shiva>msiexec.exe /i readerdc_en_ka_cre_install.exe /qn/norstart

C:\Users\shiva>
```

Q) Who has the highest privilege in a machine/OS ?

Ans: In an machine/OS the **SYSTEM** directory has the highest privilege, higher than the system administrator.

```
C:\Users\shiva>whoami
laptop-pb77klhe\shiva

C:\Users\shiva>net user

User accounts for \\LAPTOP-PB77KLHE

-------------------------------------------------------------------------
Administrator            DefaultAccount            Guest
shiva                    WDAGUtilityAccount
The command completed successfully.

C:\Users\shiva>
```

Q) What is the structure of your file system ?

Ans: Files are stored in a **hierarchical tree structure.**

```
C:\Users\shiva>tree
Folder PATH listing for volume OS
Volume serial number is 22B6-09E9

Q) Reset the time in the System Clock through the Command Prompt.

Ans:

```
C:\Users\shiva>time
The current time is: 11:24:21.85
Enter the new time:

C:\Users\shiva>
```
